HORIZON
WORLD CLASS YACHTS

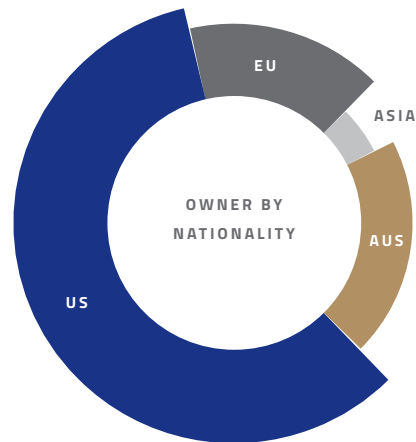

Our Owners Don't Chase Dreams, They Define Them

HORIZON'S FD SERIES YACHTS AROUND THE GLOBE

Introduced to the world market in 2016, the Horizon Fast Displacement (FD) Series has taken the yachting industry by storm, noted for its striking style, appreciated for its well-planned layout, and praised for its exceptional stability and performance.

Much of the success of this series, designed in collaboration with Cor D. Rover, can be attributed to our clients, who provide the inspiration for enhanced functionality and ingenious design ideas. The series offers megayacht living and proven performance.

FD87 // 2016 – PRESENT

FD102 // 2016 – PRESENT

| | HULL NUMBER | OWNER NATIONALITY | LAUNCH DATE | DESCRIPTION |
|--|-------------|-------------------|----------------|---|
|  | FD85 Hull 1 | Asian | January 2016 | Designed in collaboration with Cor D. Rover, this FD85 is the first FD series model to be introduced to the market at the 2016 Taiwan International Boat Show. She was purchased by a four-time Horizon owner from Japan. |
|  | FD85 Hull 2 | European | July 2017 | Commissioned for an experienced European owner who was attracted to the FD85's unique design at the Taiwan Show, this interior layout was adjusted with additional living and entertainment amenities incorporated. Hull Two is the first of the FD Series to feature the HPPB design. The technically-minded owner reports back that it is one of the best boats he has ever experienced. |
|  | FD85 Hull 3 | American | September 2017 | This was an inventory boat that was sold to a current Horizon owner. He reports that he is most pleased with the volume and space as well as the performance. <i>"We had eight- to ten-foot seas; it was some pretty nasty weather and I was very pleased with how the boat handled."</i> – OWNER |
|  | FD87 Hull 4 | American | January 2018 | <i>"We're continually impressed by the willingness of the Horizon team to incorporate our ideas into the design"</i> – OWNER Hull Four was commissioned for an owner with a strong marine background who was drawn to the HPPB design. The yacht features a blue hull and is the first FD87 design as well as the first FD to feature an Enclosed Bridge and beach club. |
|  | FD85 Hull 5 | European | March 2018 | This experienced owner was looking to upgrade to the 110-120ft range but felt the FD85 answered his family's space needs in an easy-to-operate platform. The owner and his wife specified a combination settee and dining table and widened the door at the stern to accommodate a bicycle. They increased the size of the bar on the flybridge, added more bar seating, and customized two large electric retractable sunroof openings. They operate the yacht themselves. |

|--|--------------|--------------------------|--|---|
|  | FD85 Hull 6 | Australian | September 2018 | <p><i>"With the boat's range and the ability to land a helicopter on board, the possibilities are endless. It is the equivalent of having a 120ft motor yacht under 90 feet" – OWNER</i></p> <p>The owner of Hull Six specified a helipad, so Horizon constructed a carbon fiber bridge hardtop that was certified to meet the structural strength required. A foldable hydraulic radar arch was designed to lower the boat's height to 7.5m.</p> |
|  | FD87 Hull 7 | European | January 2019 | Commissioned for an experienced yachting family looking to upgrade to a more comfortable, longer range cruising yacht. Hull Seven is the first to feature a walkaround deck design, and is distinguished by a stone grey hull with a light gold boot stripe. |
|  | FD87 Hull 8 | Australian | September 2018 | <p>These owners were very happy with Horizon's willingness to make changes and present new designs. They also use the vessel for corporate entertainment.</p> <p><i>"It's overwhelming the amount of people you can have onboard at any one time. I have built my dream boat and we are looking forward to traveling anywhere our hearts desire." – OWNER</i></p> |
|  | FD87 Hull 9 | American | January 2019 | This inventory boat was sold during the construction process to her American owner. She is the first FD87 to feature a semi-walkaround side deck on the upper level and boasts a foredeck lounging area complete with refrigeration and icemaker. Owner-specified features for increased functionality include a convertible dining table, hi/lo dining table on the aft deck and sliding bow tables. |
| <div>AVAILABLE</div>  | FD87 Hull 10 | Spec for European Market | Under Construction July 2019 estimated delivery | The FD87 offers a spacious on-deck master stateroom and four further staterooms on the lower deck. A 23' 3" beam takes advantage of the yacht's large windows and impressive volume. Available in Open Bridge or Skyline layouts, the FD87 offers a beach club, maximized deck areas, and unending possibilities for customization. |

| | | | | | |
|-----------|--|--------------|----------------------------|---|---|
| AVAILABLE |  | FD87 Hull 11 | Spec for American Market | Under Construction July 2019 estimated delivery | This FD87 is currently under construction and intended as an inventory yacht for the U.S. market. |
| |  | FD87 Hull 12 | Spec for American Market | Under Construction January 2020 estimated delivery | The FD87 offers a spacious on-deck master stateroom and four further staterooms on the lower deck. A 23' 3" beam takes advantage of the yacht's large windows and impressive volume. Available in Open Bridge or Skyline layouts, the FD87 offers a beach club, maximized deck areas, and unending possibilities for customization. |
| |  | FD87 Hull 14 | American | Under Construction June 2020 estimated delivery | Commissioned for current Horizon owners, the FD87 Hull 14 will feature a unique layout, with a large country kitchen occupying the space typically reserved for the on-deck master. The owners plan to cruise the East Coast, Bahamas and beyond. |
| AVAILABLE |  | FD77 Hull 1 | Spec for American Market | January 2019 | Currently the smallest of the FD Series, the brand new, FD77 Hull One has been specified for the American market and features an Open Bridge configuration, four-stateroom layout with an on-deck master, and a beach club – a unique addition for a yacht of this size. |
| AVAILABLE |  | FD77 Hull 2 | Spec for Australian Market | Under Construction April 2019 estimated delivery | The FD77 Hull Two will be the first FD77 to be delivered to Australia. She is also the first Skyline version and is fitted with numerous owner-inspired amenities. |

|-----------|--------------|--------------------------|--|---|
| | FD77 Hull 3 | Spec for American Market | Under Construction estimated delivery August 2019 | Featuring a Skyline configuration, this inventory yacht has been designed to appeal to the U.S. market. It will be the first FD77 Skyline delivered to the U.S. |
| | FD102 Hull 1 | European | Under Construction estimated delivery January 2020 | This client was interested in a bigger version of the FD87 Skyline and requested a yacht with an extended range and more superyacht amenities. Horizon and series designer Cor D. Rover returned to the drawing boards to customize a yacht that suited this owner's vision. At an overall length of 108 feet, the FD102 Skyline offers a wide 25' 2" beam and large outdoor spaces accessed by a unique walkaround design. |
| | FD102 Hull 2 | American | Under Construction estimated delivery April 2020 | This newest FD102 Skyline is the first Horizon yacht for the experienced owners, who plan to put her High Performance Piercing Bow to the test while cruising the East Coast, Bahamas and beyond. Hull Two has been specified as a Skyline version and features a spacious skylounge with an expansive lounging and dining area on the bridge deck. |

ADVANCED CUSTOMIZATION

Each yacht in the FD Series is completely customizable to suit owner preference. Fully custom builds are also available.

DEFINE YOUR DECK AREAS

// DECK SPACE

The spacious main and bridge aft decks are designed to suit owner preference.

*Owner Inspired Feature:
Refrigerator/Ice Maker*

//FORE AND AFT

Unique for this size range, the FD Series offers the option of a fully equipped beach club that can double as a crew mess or tender garage. The foredeck areas are also maximized and can be protected with sunshades.

DEFINE YOUR INTERIOR

// SPACE REDEFINED

Exceptional volume
and a wide beam
allow for incredible
interior space.

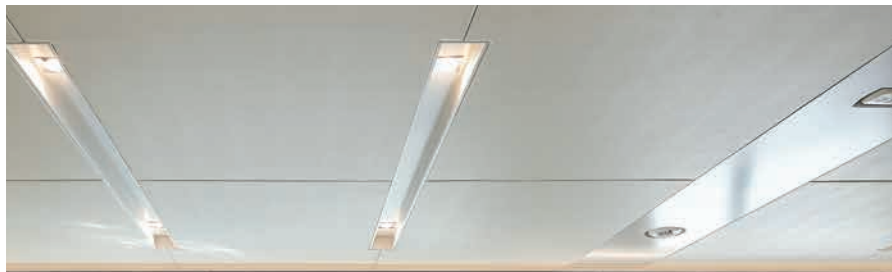

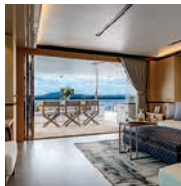

*Owner Inspired Feature:
Convertible Dining Table*

//ENJOY THE VIEW

Enormous windows are a defining feature, allowing in plenty of natural light and capturing the views.

BENEATH THE WATERLINE

Comprised of a hybrid hull shape and tunnel design, the High Performance Piercing Bow (HPPB) delivers a shallow draft, more comfortable ride, lower resistance and excellent stability in comparison to a traditional fast displacement, hard-chine hull design.
